SPRING
2016
FULL LINE CATALOG

WHAT'S NEW FOR PRESTIGE THIS YEAR?

TWO-WAY LONG RANGE LED CONFIRMING TRANSMITTERS

From cutting edge design to web based programming with new features... every element of *Prestige* Remote Start and Security systems is new and improved. Let's start with design and engineering. We have doubled the operating range to make these new systems our longest range ever! Including our all new APS687TWE two-way LED confirming remote start / keyless entry system.

The modules have trimmed down and are 35% smaller, which allows you more placement options than ever before. Add that to web based programming with the **VEPROG** and installs just got a lot easier and quicker... a major profit plus for dealers.

Prestige back's up our quality engineering and innovative design with profitable dealer programs and ironclad product warranties. And it does not stop with only the best systems; add from dozens of accessories that enhance the security or remote start system and increase your profits even more. Partner with *Prestige* for the best in Remote Start and Security, products, programs, support and profits.

PRESTIGE **PROCORE** COMPONENT PROGRAM

The *Prestige PROCORE* (APSFC) All-in-one Programmable Remote Start & Security System is one of the most advanced and flexible vehicle remote start and security system available today.

The advantage of the *Prestige PROCORE* system is the "One-Module" solution that allows for building any style of remote start & security system. This gives the ability to sell features and benefits based on what is important to you and your customer. Eliminate stocking multiple complete kit solutions, in turn reducing your inventory carrying costs.

In addition, each *Prestige PROCORE* system now includes the latest innovation, **CARLINK BT**.

built to create a smarter solution for you and your consumer.

IT'S AS EASY AS 1 - 2 - 3!

700,00 Vehicles Stolen Every Year

Locate Your Vehicle in all 50 States

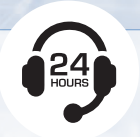

THEFT ALERT

Notification of any unauthorized vehicle movement

AUTHORITY RESPONSE ALERT

Recovery procedure can be initiated with the Recovery Call Center and local law enforcement

RECOVERY CALL CENTER

Up-to-the-minute location and movement until the vehicle is recovered

GIVE YOURSELF THE POWER OF PROTECTION

Pursuit SVR can be added to any vehicle to protect one of your most important personal assets, your vehicle. With Pursuit SVR your vehicle will be equipped with a stolen vehicle tracking device and 5 years of Stolen Vehicle Recovery service to help recover your vehicle in the event of a theft.

In case of a theft or missing vehicle, simply call our 24/7/365 call center and we will locate the vehicle and call authorities for you. Every Pursuit SVR device has a 5 year service plan included with each purchase.

Pursuit SVR will protect you coast to coast with our nationwide wireless cellular service and recovery team of professionals.

Ask your dealer today how to protect one of your most valuable assets from a proven leader in vehicle security and electronics.

is professionally installed in
your vehicle

ASCLBT Communicates
with the app and operates
your remote start

Download the App
to control vehicle from
bluetooth through your phone

STEP 1 PROGRAM

PROGRAM THE PRESTIGE PROCORE FOR SECURITY, REMOTE START OR REMOTE START WITH SECURITY

Through simple programming, you can turn on the security system features to give you a remote start with security, or turn them off and have a remote start with keyless entry system or even a remote start only system. You can also upgrade to add the Prestige Security package (PESEC) that gives you content protection with our two-stage City Mode Impact Sensor, and 125bd mini siren to draw attention to the vehicle.

You can further customize the system by adding additional accessories like our DUB1 Digital Tilt Sensor to add additional protection for expensive wheels and tires, and even our MBS Battery Back-up Siren for an added layer of protection.

STEP 2 CONTROL

SELECT YOUR COMPATIBLE PRESTIGE TRANSMITTER KIT AND TELEMATICS CONTROL WITH CARLINK BT

Selecting one of five different Transmitter/Antenna Kits gives you and your customer's the ultimate in flexibility. You will have the option to offer any type of system including a One-Way with up to 1,500 feet of operating range, a Two-Way in either LED or LCD display remote control with up to 2,500 feet of operating range, and our all new super slim Two-Way rechargeable LCD Display remote control.

You can also add our Carlink telematics solution to control the system from virtually anywhere using your smartphone. You can also just use Carlink and your smartphone and without adding any remote control at all, endless possibilities.

STEP 3 INTEGRATE

SELECT YOUR TRANSPONDER / DOOR LOCK DATA INTERFACE MODULE

We have designed the new Flashlogic FLCART to plug directly into this exceptionally smart system. The FLCART offers all of the FLCAN Transponder & Door Lock Interface features packaged into a small "slide in" cartridge, making the installation faster and cleaner.

In addition, we didn't limit your ability to make choices. The Prestige PROCORE also includes our DBI Port, should you choose to add a different interface module for vehicle Data Bus integration.

To complete the program, we have made the Prestige PROCORE programmable from a computer or Mobile Smartphone (Android or iPhone) to program both the remote start and Flashlogic features. Prestige standard programming is also always available.

APSC PRESTIGE PROCORE COMPONENT SYSTEM

- System / Feature Programmable
- Transmitter Upgradeable – 5 solutions
- Security Upgradeable – Mini Siren & Shock Sensor (PESEC)
- Programmed Transmitter Notification
- Single or Two User Programmable with Separate Control Outputs
- Single or Double Press to Start
- Selectable Run Times
- 24 Hour Time Start Mode
- Cold Temperature Start Mode
- Two or four hour automatic start mode
- Parking meter count down timer mode on LCD transmitter
- Additional count down timer mode
- Remote panic in all modes
- Improved custom code override, user selectable and programmable
- Protected valet
- Seven function LED - arm / disarm / zone 1 / zone 2 / zone 3 / valet / arming
- Intrusion alert with memory
- Additional engine immobilizer output, (optional relay required)
- Last door arming
- Car horn output for additional alarm response
- Additional negative trigger input (hood and trunk)
- On-board relay for flashing parking lights
- Audible arm, disarm, defect and tamper chirp indications
- Headlight control output
- Illuminated entry control output
- Selectable active or passive arming
- Programmable auto lock on / off
- Programmable auto unlock / off / driver's door / all doors
- Selectable door lock pulse timing 1 second / 3.5 seconds / 1 secL / ddl. u/L
- Programmable active or passive door locks
- Remote trunk release
- Remote keyless entry
- Multiple vehicle capable
- Hybrid vehicle compatible for remote start
- Telematics port – Carlink Ready
- FLCART port – slide-in Flashlogic Interface Cartridge
- DBI port – plug-in Flashlogic Interface Module
- Limited lifetime warranty

ABOUT VOXX ELECTRONICS CORPORATION (VEC)

VOXX Electronics Corporation (VEC) is a wholly-owned subsidiary of VOXX International Corporation (NASDAQ: VOXX), a global supplier of mobile and consumer electronics products. VEC is a recognized leader in the marketing of automotive entertainment, vehicle security and tracking, remote start systems, telematics, and Advanced Driver Assistance Systems (ADAS). VEC's Advanced Solutions Group is focused on developing new strategic partnerships in emerging growth categories in the fields of biometrics, imagery and vocal processing.

VEC sells its products through an extensive distribution network that includes expeditors, mass merchandisers, regional mobile electronics chains and independent specialist both domestic and internationally. VOXX Electronics possesses a strong brand portfolio and its products rank among the top ten in almost every category in which they sell. Primary brands include: Advent[®], Audiovox[®], Car Connection[®], CarLink[®], Code Alarm[®], Invision[®], Omega[®], Prestige[®], and Pursuit[®]. VOXX Electronics has strategic distribution relationships with EyeLock[®], Singtrix[®] and SiriusXM[®].

For additional information, please visit our website at www.voxxelectronics.com

ABOUT VOXX INTERNATIONAL CORPORATION

VOXXSM International Corporation (NASDAQ:VOXX). The Company that began as Audiovox over 45 years ago has become a worldwide leader in many automotive and consumer electronics and accessories categories, and now into premium high-end audio. The Company's brands hold leading market positions across a wide-spectrum of consumer and automotive segments.

Today, VOXX International is a global company with an extensive distribution network that includes some of the world's Fortune 500 companies and an international footprint in Europe, Asia, Mexico and South America, and a growing brand portfolio, which is now comprised of over 30 trusted brands including Audiovox[®], Klipsch[®], RCA[®], Invision[®], Acoustic Research[®], Jamo[®], Energy[®], Mac Audio[®], Magnat[®], Heco[®], Schwaiger[®], Hirschmann Car Communication[®] and Oehlbach[®]. The Company continues to drive innovation throughout all of its subsidiaries, and maintains its commitment to exceeding the needs of the consumers it serves. For additional information, please visit our Web site at www.voxxintl.com.

VOXX International and all of its family of brands are committed to helping save our environment. To that end, all printed materials produced by us are printed on recyclable paper using only biodegradable ECO friendly coatings. We use soybean rather than petroleum based inks. Our printing presses have "Purge on Press" capability; use no alcohol and therefore result in no vapor pollutants in the air.
